Safeguarding- In the Net 17th June for Year 4 Stow on the Wold Primary School

As I am sure you are aware, internet safety of children across the UK has been in the news recently and continues to be a concern.

We know that the best protection we can give to young people is knowledge of the dangers so that they are aware and can protect themselves, as well as letting them know where they can go for help and support with regards to Cyber Bullying.

In order to do this, we are presenting an interactive play to our Year 4 pupils on the 17th June 2024 which will tackle some of the issues around Safe Internet Use, Cyber Bullying and prevention of exploitation. The play is age appropriate and is called 'In the Net'. It will last for approximately 40 minutes and pupils will be provided with an information pack at the end of the production.

This activity is part of a programme of work around raising and tackling the complex nature of Internet Use and is being supported by the Education and Early Years Sub Group of the Gloucestershire Safeguarding Children Partnership (GSCP).
